<b>Site Highlights</b>	<ul style="list-style-type: none"> <li>- Independence + responsibility: As the primary care provider both in FM clinic and specialty rotations, you provide good continuity of care + learn how to independently + confidently manage patients. FM Obs offers opportunity to deliver your own pts.</li> <li>- Strong supervisors with great 1 on 1 learning opportunities. FM is only core residency program therefore, little competition for learning experiences. All rotations are based out of RVH enabling residents to build relationships with local specialists.</li> <li>- Large regional health care center with a community hospital feel. Minimal service component on call with focus on learning opportunities</li> <li>- tight-knit group of residents with many organized social activities</li> </ul>	<ul style="list-style-type: none"> <li>- Responsible for a roster of patients which allows you to provide good continuity of care and learn how to manage patients independently</li> <li>- FM is the only residency program based out of the hospital which allows you to work 1 on 1 with staff who are enthusiastic to teach. Learner centered hospital with ability to build good relationships with consultants and local specialists who are keen on having learners</li> <li>- Lots of elective time to pursue special interests</li> </ul>	<ul style="list-style-type: none"> <li>- Exposure to comprehensive Family Medicine</li> <li>- Flexible program very responsive to your educational needs with the option of building your own second year through elective time</li> <li>- Small program reacts quickly to feedback to make changes.</li> <li>- Exposure to ED with high volumes and strong exposure to develop procedural skills as staff will call you to do procedures or see interesting cases</li> </ul>	<ul style="list-style-type: none"> <li>- Flexibility in second year with ability to "build your own curriculum" by choosing timing and location of many electives</li> <li>- plentiful and diverse ER experiences</li> <li>- abundant recreational and outdoor activities and great community support</li> </ul>	<ul style="list-style-type: none"> <li>- Lots of independence to allow for competency and confidence</li> <li>- Flexible program which can be directed to learners objectives and educational needs</li> <li>- One to two residents in town allowing for exposure to broad range and diversity of experienced FM preceptors</li> </ul>	<ul style="list-style-type: none"> <li>- Lots of independence and flexibility as you create your own schedule</li> <li>- Great exposure to ER</li> <li>- Very few other learners, so 1:1 ability to work with very friendly and keen staff &amp; preceptors</li> </ul>
