Family Doctors Wanted!

Get Well Clinic, Get Well FHO

Job Posting: Family Medicine Physician, part-time or full-time, locums available.

We are looking to expand our clinic with FHO physicians! Income stabilization available. Large patient base available to enroll for your preferred roster-size.

Join a growing, well managed group office practice in the heart of North York, with proximity to North York General Hospital and Humber River Hospital. We believe in a whole person approach to patient healthcare. We are fully electronic, near-paperless office using Oscar EMR and other locally hosted services. We currently have six doctors (FHO), psychotherapists, dietitians, chiropractor and more. We do comprehensive family medicine, and provide urgent-care access for our community. There are opportunities for small office procedures, cosmetics, or other focused-practices. We are also a teaching site for the Department of Family and Community Medicine at the University of Toronto. There are opportunities for faculty appointments and teach medical students and residents. We are also an integral member of the North York Toronto Health Partners, OHT.

We have a competitive split, pay-as-you-go, overhead arrangement. In return, we can manage everything for you (administrative staff, billings, and supplies) You just come and focus on practicing medicine!

Family Health Team opportunities, also coming soon!

Reviews:

"The Get Well Clinic was a great place for myself, a recently graduated family physician, to gain valuable experience working in a conveniently located area of Toronto. The clinic is well staffed with a number of onsite allied health professionals who are in direct communication with the referring physicians. The clinic services a wide demographic and patients of all ages. The EMR system is easy to use and the examination rooms are well equipped for minor procedures. I was able to create a schedule that fit my needs including the option of working on weekends. I was able to see both scheduled patients and walk ins giving me the chance to provide follow up care. I would encourage anyone hoping to work at a comfortable clinic in a centrally located area to enquire about working at the Get Well Clinic." ~ Dr. Gregory Young [15-Feb-2018]
