I am a family physician in Aurora looking for a locum to provide coverage during my upcoming 4 month parental leave May 1<sup>st</sup>, 2024 until September 1<sup>st</sup>, 2024.

I am looking for 6 half days/week of coverage for my well managed and established family practice of ~1300 patients. This should include in person +/- telephone appointments. Currently approximately 70% of appointments are offered in person over 3 full clinic days per week but this is flexible.

PSS EMR.

Very collegial office environment with experienced admin staff and 2 supportive physician colleagues.

\$650/3.5hr half day of clinic and inbox coverage + 100% 3<sup>rd</sup> party billings.
