

Now Recruiting: Hospitalist Physicians

CKHA has recently approved the addition of 3 more physicians to join our wonderful team! We have 3 rock star NPs supporting the CCC, Rehab and Medicine units and with 6 Hospitalists rounding per day (0800-1600) and an average of 10-15 acute patients.

We have added a nocturnist shift to our Emergency Department to act as MRP for patients needing to be admitted after 11pm.

The Basics: Call, Payment and Schedule

You'll get paid \$1300 per week day and \$1750 per weekend day or statutory holiday worked. All call will be paid a \$487.94 HOCC stipend directly to you. This equals to \$10,000+ per week.

Call will be shared equally amongst all Hospitalists. Don't fret, newbies won't be given all of the weekends and holidays--sharing is caring! You can work as little as 1 week per month (Monday to Sunday). If you want to join us full time, we can typically offer 2-3 weeks per month.

Generous financial recruitment incentives (\$\$\$) are currently being offered for fulltime recruits.

Want to pair Hospitalist shifts with a family practice or Emergency work? No problem! We agree that work/life balance is super important, so feel free to build your career the way you want with CKHA. The choice is yours!
