

Looking for a FHO maternity leave locum in North York (Leslie and Sheppard) for a start in July 2024 for about 9-10 months. Looking for about 3-6 half days a week at \$500 per half day and 100% of shadow billings/third party billings. The office uses PSS. Very collegial office with 3 other family doctors so a great place for a new grad if looking for some support with the transition to practice. I'm quite flexible and can accommodate what will work for you so feel free to message or send an email (dr.gdliao@gmail.com) if interested!
