

Seeking Family Physician for FHO position in midtown Toronto:
Generations Family Health Centre

We are a 5-physician FHO, looking to add 1-2 new physicians to our extremely collegial and well-run group. Our clinic is in the process of moving to a brand new, custom-built office at Yonge & Lawrence in Summer 2024, with our experienced and dedicated staff in place-- and we now have room for two more to join! We are on Telus PS EMR; administer a profitable Block Fee/Uninsured Services program; have always earned positive and substantial access bonuses; and pride ourselves on being consistently ahead of the curve re: implementation of value-added and supportive technology. Support staff includes nursing for assistance with and delegation of many clinical tasks, including monitoring vitals, immunizations, syringing, etc. Opportunities for teaching are readily available if interested; all of our physicians are affiliated with NYGH & UofT. Our new office will be located above the subway, with underground parking available as well. We are a physician run office and are keen to add another like-minded MD to our team. We are happy to bring aboard a physician with an established practice looking to relocate, or to help a new grad establish their own practice.

Please email dmsilver@gmail.com if interested or to learn more about this opportunity.
