

Join us and be a part of this exciting journey!

We are building a new hospital facility, and expanding our programs and services.

Committed to the highest standards of care, West Park Healthcare Centre is a University of Toronto affiliated rehabilitation and complex continuing care Centre with 294 inpatient beds, and a 200 bed Long Term Care facility. The Centre provides a number of highly specialized provincial, regional and local programs, and has earned an international reputation for clinical excellence, research and education. In 2023, we will open our new 730,000 square foot world-class hospital facility, which will transform the 27-acre campus, and incorporate the best and latest in architectural design, emerging technologies and stunning therapeutic landscapes to help patients in their journey from crisis to hope.

If you have a passion for leadership, research, clinical teaching and program development – we want to hear from you! We are currently recruiting for an Attending Physician for our Tuberculosis Unit.

The Attending Physician is responsible for providing day-to-day medical services to inpatients and outpatients associated with the TB Unit, working closely with specialists in Respiratory Medicine and Infectious Diseases. In addition to providing medical care, the Attending Physician will also play an active role in ongoing quality of care improvement initiatives including the continuing education of allied health professionals, as well as regular team conferences and periodic meetings with external stakeholders including patients and families and Public Health officials. Respiratory Medicine at the Centre is an integrated academic unit with responsibilities for clinical care, teaching and research. This position would be of interest to Physicians who recognize the importance of both the medical and psycho-social dimensions of patient care and are enthused about becoming an integral member of a multidisciplinary team of skilled and committed healthcare professionals. Remuneration will be through the Alternate Payment Plan.

Job Requirements:

- Current CMPA membership
- Registered and a member of good standing with the College of Physicians and Surgeons of Ontario
- Ability to perform assessments, diagnosis, treatment, health education/counselling and other medical functions as required according to the College of Physicians and Surgeons of Ontario standards or practice and West Park Healthcare Centre's policies and procedures
- Sharing in after-hours on-call (rotation with other professional staff)
- Eligibility for academic appointment at the University of Toronto
- Additional academic training and experience in respiratory care or infectious diseases, and in providing medical care to TB patients would be an asset
- New graduates are welcome to apply

Responsibilities:

- Visits and supervision of the care provided to TB Unit patients – Daily

- Admissions to the TB Unit– Daily as required
- Discharges from the TB Unit– Daily as required
- Entry of TB patient clinical data into the electronic patient record TB clinical/research database- Frequently, as required
- Conference Rounds with the Multidisciplinary Team – Thrice Weekly
- Participation in Outpatient TB Clinics – Thrice Weekly
- Participation in pre-discharge conferences for TB patients – Frequently, as required
- Participation in family conferences – Frequently as required
- Participation in meetings with Public Health officials, related to TB patients – Frequently, as required

To join our team, please forward a letter of interest along with you curriculum vitae to:

Dr. Bikramjit Dhillon, Chief of Staff (c/o Sarah Cheng, Manager Medical Affairs)
