ELIGIBILITY

To be considered for this award, the nominee must:

- Be a Family Medicine resident, Enhanced Skills resident or Faculty of Medicine undergraduate student;
- Has completed or is completing a palliative care academic project;
- Nominees will only be able to receive this award once during undergraduate training and only once during residency training

APPLICATION PROCESS

1. Nomination Form to be completed by the faculty supervisor of the resident or student
2. Nominations must be pre-approved by the site Residency Program Director or undergraduate Program Director
3. Letters of support from the relevant division Head/Director, site Chief, site Residency Program Director or Undergraduate Program, Pre-Clerkship or Clerkship Director to be included that address how the candidate demonstrates excellence in palliative care scholarship and integrates principles, practices and philosophy of palliative care?
4. In addition to the letter of support, the candidate should provide up to one page to address the following elements/topics:
 - Provide a project description, explain how this project improves or contributes to palliative care including the integration of principles, practices and philosophy of palliative care, in addition, how does this project contribute to an initiative or innovation that improves patient outcomes? (examples of academic projects may inc.: QI, clinical research, education scholarship, creative professional activities and leadership)
 - The status of the project (i.e. Not yet started/In progress/Completed)
 - How do you demonstrate excellence and commitment to palliative care scholarship and integrate principles, practices and philosophy of palliative care?
 - Your role in project: i.e. project design, implementation, recruitment, data analysis, write-up, etc.
